ABOUT ME...

Past lawyer, present entertainer and now in order to fill in the hours between Homes under the Hammer and Tipping Point a story-teller - I seek to inform with humour. I have been entertaining people for as long as I can remember. I worked as a lawyer for slightly less a time, (36 years.) I have enjoyed a fulfilling and interesting career and have a passion for learning. The law is something that touches and confounds us all from time to time and in my professional life I strived to convey both my enthusiasm and learning. In my retirement I seek to couple my interests to bring you an entertaining insight into the subject of my talks.

ABOUT MY TALKS....

My presentations are straight from the heart, no gimmicks, drawn from my experiences and research and all delivered with humour, as a performance.

FEES....

My fees are between £60 and £120 calculated according to the distance I have to travel but are all inclusive.

I may also be available for short notice replacement .
